Outstanding Thermal Detection & HD Color Assessment

The SightSensor TC is a dual-imager smart camera that detects, analyzes and communicates real-time intruder activity over critical perimeters at outdoor sites. Building on SightLogix’s heritage for high-clarity thermal video and outstanding detection, SightSensor TC offers the added value of color video on target. Like all SightSensors, TC includes integrated video analytics, scene and gyro-based stabilization and a toolbox of filters to optimize outdoor performance.
